COMPANY OVERVIEW

About Us

MEDEX is a leading Egyptian exporter of medical supplies, dedicated to meeting the growing demands of the Middle East and Africa. We partner with top-tier Egyptian medical manufacturers to deliver high-quality medical products at competitive prices. Our commitment to innovation and customer satisfaction has established us as the preferred choice for importing Egyptian medical supplies worldwide. At MEDEX, our corporate goal is to respond swiftly and effectively to the needs of our customers, ensuring we remain the top choice for high-quality medical exports from Egypt.

OUR PROCESS

Mission

MEDEX, we are dedicated to being a trusted partner for organizations and local agencies that provide both emergency and long-term medical solutions. Every day, we leverage our expertise, experience, and extensive network to navigate the complexities of the global healthcare supply chain. Our mission is to deliver the right medical products and solutions to the right places, ensuring that we contribute to global health and make a meaningful impact on the communities we serve.

Vision

We believe that healthcare is a fundamental right for everyone, everywhere. It is the cornerstone of a prosperous future, and at MEDEX, we are committed to making this vision a reality. Our goal is to be a global leader in healthcare development, ensuring that quality medical products and solutions are accessible to all, regardless of location. We strive to set new standards in the industry, driven by our dedication to improving global health and well-being.

CAMPANY VALUES

In the realm of **MEDEX**, our essence is distilled into the pillars guiding our journey:

- Idealism: Within our hearts resides the belief that healthcare of the highest caliber is a birthright for all beings, propelling us towards realms of excellence.
- Collaboration: Hand in hand, we traverse the path with companions, allies, and even rivals, nurturing a garden of harmony and unity.
- Reliability: Our word is bound by unbreakable oaths. Through a lens of realism, we pledge to fulfill every vow, meeting expectations at every turn.
- Leadership: Illuminating the way, we march forth as exemplars, armed with foresight and unwavering resolve. Solutions and contingency plans are our constant company.

Dedication: Enkindled by an inferno of purpose, we stand firm in our crusade to elevate the tapestry of global well-being. Our fervor ignites the flames of change.

PRODUCT LIST :

4-Cannula

Our I.V. Cannula is designed to deliver effective solutions for short-term IV therapy. It features a color-coded casing cap for easy identification of catheter size, ensuring quick and accurate selection. The translucent catheter hub and flashback chamber allow for clear and immediate detection of blood, facilitating smooth and safe vein puncture. The close and precise contact between the catheter tip and inner needle ensures a seamless and comfortable experience for the patient.

- **Available Sizes:**

12, 13, 14, 16, 17, 18, 20, 22, 24, 26

5-Infusion Set

Our Infusion Set is a sterile device meticulously designed to transfer fluids from an intravenous fluid container directly to a patient's venous system. The set includes essential components such as a calibrated burette for accurate fluid volume measurement, tubing, connectors, chambers, clamps, and an injection port. It is specifically designed for gravitational intravenous administration, ensuring precise delivery of the solution while excluding blood and blood products.

- **Available Sizes:**

- Standard Infusion Set: 130 cm, 150 cm

- Infusion Set without Flashback:
115 cm, 125 cm, 140 cm, 150 cm .

- Infusion Set with Flashback:
100 cm, 110 cm, 120 cm, 125 cm, 130 cm, 140 cm, 150 cm

PRODUCT LIST :

6-Urine Bag

Our Urine Bag is a reliable solution for the collection and monitoring of urine output, designed specifically for single-use applications. This sterile, easy-to-use bag ensures hygienic and efficient management of urinary drainage, making it ideal for various medical settings.

- **Available Sizes:** 500 ml, 1000 ml, 2000 ml

7-Nebulizer Mask

The Nebulizer Mask is designed to effectively deliver vaporized medication to patients who may have difficulty using a mouthpiece. Once the medication is vaporized inside the nebulizer's chamber, it flows through the mask, allowing for easy inhalation through the nose and mouth. This mask is particularly useful for patients who require hands-free delivery of their medication, ensuring consistent and efficient treatment.

8-Oxygen Mask

Our Oxygen Mask is designed to provide reliable and consistent oxygen delivery, ensuring patient comfort during use. The mask is engineered to maintain higher oxygen concentrations, effectively reducing the risk of rebreathing carbon dioxide. This makes it an ideal choice for patients requiring efficient and safe oxygen therapy.

CERTIFIED PRODUCTS

Our products meet the highest international standards, including **ISO** and **CE** certifications. We are committed to delivering quality and consistency in all our offerings, ensuring that our products and services meet the rigorous demands of our global customers. This dedication to excellence allows us to provide world-class products that consistently fulfill our clients' needs.

CONCLUSION

At **MEDEX**, our unwavering commitment to quality, innovation, and customer satisfaction defines who we are. We strive to be a trusted partner in the healthcare industry, dedicated to improving global health through our world-class products and services.

Our values, mission, and vision guide us as we continue to expand and serve our clients with excellence. We look forward to building long-lasting partnerships that drive success for both our clients and the communities we serve.

Thank you for considering MEDEX as your partner in healthcare solutions
